

**Directed by International Educator Dr Steven Olmos**

D.D.S, DABCP, DABCDMS, DABDSM, DAIPM, FAAOP, FAACP, FICCMO, FADI, DIAO  
 Founder and Director, TMJ & Sleep Therapy Centres International

Dr Olmos will review the latest technologies for the treatment of sleep breathing disorders, the newest materials and designs for custom appliances (both oral and hybrid), and the latest in surgical advances. In addition, you will get hands-on training in the delivery and adjustment of appliances of all materials.

You will leave this course with an increased knowledge of how to treat patients with Sleep Breathing Disorders and understand all the tools available to you to help you in the process.

**What you will learn:**

- Learn the Phonetic Bite - The only peer reviewed bite that is proven to improve airway
- Work with the newest in oral appliance materials
- Understand how surgical techniques have advanced and how they fit in treatment
- Bring your own CBCT to be reviewed with Dr Olmos and the class (limited availability- contact us)
- Learn how to prevent adult symptoms by addressing children's sleep breathing disorders
